
O. E. BREMNER
COUNTY HORTICULTURAL COMMISSIONER
AND STATE QUARANTINE GUARDIAN

SONOMA COUNTY
SANTA ROSA
CALIFORNIA

November 16, 1931.

Judge Leopold Justi,
Glenn Ellen, California.

Dear Sir:

This is to inform you that the socalled Buckskin disease of cherries has been determined as attacking the cherry trees growing on the premises described as follows:

Near Glenn Ellen, about half mile (more or less) from Sonoma-Santa Rosa paved highway on gravel road north from point where highway turns to right and Glenn Ellen road turns at right angle to left.

and that said Buckskin disease of cherries is a serious, infectious disease of cherry trees and not known to generally occur in the State of California and that budwood, scions or cuttings removed from infected trees are or may be capable of disseminating said disease.

As owner or responsible agent for the above described premises, you are hereby advised that under the provisions of Section 2322a (8) of the Political Code of the State of California, it is unlawful to move or permit the movement of any scions, budwood or cuttings cut or otherwise removed or taken from any of the cherry trees growing on the above described premises except under written permission of the Agricultural Commissioner of Sonoma County.

Very truly yours,

O. E. Bremner

AGRICULTURAL COMMISSIONER
of
SONOMA COUNTY

Personally served upon Judge Leopold Justi
Jan. 18 1932.
By W. R. Michael
